

## Department of Political Science Senior Thesis Questionnaire

Students who wish to write a senior thesis must complete this form and submit it to their prospective thesis director by **June 15** prior to their senior year.<sup>1</sup> Students can place their responses to the questions and prompts either in the spaces provided or on an attached sheet. Students must signify that they agree to comply with the “Department of Political Science Senior Thesis Guidelines” by signing and dating this form in the spaces provided below.

1) What research question would you like to explore? Why would a political scientist be interested in this question?

**NB:** Your question should not have an obvious or an intuitive answer. If you, for example, already know “what you will find,” then you do not have a valid research question.

2) What prompted you to address this question? Was it a particular reading or a set of readings? A topic covered in a particular course?

read as you have developed your research question.

### **Statement of Consent**

I agree to comply with the “Department of Political Science Senior Thesis Guidelines.” I understand that I am required to participate in The Senior Thesis Workshop on the third Friday in November. I also understand that if I fail to submit my completed senior honors thesis by **April 11**, the Political Science Department will not recommend me to receive Honors in Political Science at graduation.<sup>2</sup>
